### Commonwealth Games Birmingham 2022

With Birmingham has now being confirmed as the host city for 2022, Sadly Shooting is not currently in the programme and this would be a major blow to shooting in Wales.

A letter of support from the Welsh Target Shooting Federation for the inclusion of Shooting, as part of the Games schedule was sent from our Executive Committee to Chris Jenkins asking for his support to include shooting in Birmingham's programme.

A revised version of the ISSF Rulebook has been published on ISSF website, version 2.0.

The main changes are the addition of rules covering the new Olympic events. Also, the changes to women’s events, matching the number of shots to men. Version 2.0 is likely to be followed by version 2.1 in the next few days as some clarifications will be made to a few rules, nothing drastic!

ISSF Jury appointments for 2018 have been made. Paul Gumn has been appointed Chairman of Jury of Appeal at WC Munich. This is in addition to Chairman of Rifle Jury at JWC Sydney and the same position at CG2018 Gold Coast.
